September 12, 2005

United States Patent and Trademark Office
Commissioner for Patents
PO Box 1450
Alexandria, Virginia 22313-1450

Application Number: 10/783,009
File Date: 2/23/2004
Applicant: Kenneth Gaylord Parrent

To Whom It May Concern:

I object vehemently to this practice because it alerts people from other countries to the design and application and I have no protection outside the U.S. I cannot, in anyway, accept this "give-away" of our ideas.

Please revoke this practice at once. Say nothing until a patent is issued.

Yours respectfully,

A handwritten signature in black ink that appears to read "Ken Parrent".

Ken Parrent
Pres., CEO, CFO
Pilatus Ltd.

Title: Method and apparatus to enhance decontamination of very-fine-grained soil particles

Publication No. US-2005-0183751-A1

Publication Date: 08/25/2005

NOTICE OF PUBLICATION OF APPLICATION

The above-identified application will be electronically published as a patent application publication pursuant to 37 CFR 1.211, et seq. The patent application publication number and publication date are set forth above.

The publication may be accessed through the USPTO's publically available Searchable Databases via the Internet at www.uspto.gov. The direct link to access the publication is currently <http://www.uspto.gov/patft/>.

The publication process established by the Office does not provide for mailing a copy of the publication to applicant. A copy of the publication may be obtained from the Office upon payment of the appropriate fee set forth in 37 CFR 1.19(a)(1). Orders for copies of patent application publications are handled by the USPTO's Office of Public Records. The Office of Public Records can be reached by telephone at (703) 308-9726 or (800) 972-6382, by facsimile at (703) 305-8759, by mail addressed to the United States Patent and Trademark Office, Office of Public Records, Alexandria, VA 22313-1450 or via the Internet.

In addition, information on the status of the application, including the mailing date of Office actions and the dates of receipt of correspondence filed in the Office, may also be accessed via the Internet through the Patent Electronic Business Center at www.uspto.gov using the public side of the Patent Application Information and Retrieval (PAIR) system. The direct link to access this status information is currently <http://pair.uspto.gov/>. Prior to publication, such status information is confidential and may only be obtained by applicant using the private side of PAIR.

Further assistance in electronically accessing the publication, or about PAIR, is available by calling the Patent Electronic Business Center at 703-305-3028.
